

**FINGESCON**  
PROJECT MANAGEMENT AND INVESTMENT

**ADMINISTRATIVE ECOSYSTEM**

**THE SECRET IS IN THE VISION**

## ABOUT US

**FINGESCON PROJECT MANAGEMENT** was founded in 2011 in Angola, with its headquarters in the province of Luanda, municipality of Ingombota, at Guilherme Pereira Inglês Street, house n° 3. It currently operates from its office in the municipality of Maianga, Travessa da Sorte Street, building n° 20, 4th floor, apartment n° 14.

**FINGESCON PROJECT MANAGEMENT** is an Angolan company specialized in project management, acting as a strategic development partner that offers intelligent solutions to help companies achieve sustainable success both nationally and internationally.

Our work is results-oriented, focusing on organizational efficiency, strategic decision-making and long-term value creation.

We believe that solid, principle, and ethical administration is the foundation for stable and sustainable growth.

## OBJECTIVE

Our goal is to synergize our experience in project and investment management, into a business potential and administrative ecosystem, connected to various services and specialties in economic, management, administrative science, scientific, technological, and engineering fields of the national economy, in order to ensure professional excellence and qualification in Angola's business sector. We also aim to transform our economic potential into richness, making our country not only rich in mineral and natural resources but also economically rich, positioning Angola's economy as one of the best in the world.

# VISION

Managing and monitoring Angola's business economic potential while contributing to global social well-being

# MISSION

To offer business management solutions that drive our clients success, promoting efficiency, effectiveness, innovation, and sustainable development.

To bring together the best academic, technical, professional talents and top consultants to manage and transform Angola's economic potential into wealth for national and international benefit
